

October 2021

Recipient: Christine Roesler, R.N.
Nomination 1 submitted by: Patient

Christine Roesler is a breath of fresh air. I had never been to Mayo Clinic before and my unexpected visit there is what prompted me to switch providers and come to Mayo Clinic permanently. Christine has such a positive, upbeat influence. I want to thank her for helping me through such a terrifying ordeal.

Everyone on the floor was extremely amazing, welcoming and well-organized. Christine stood out to me and made me feel comfortable in my surroundings. I felt less worried, and she made me feel at ease during transitions. I am EXTREMELY thankful for your staff and I hope Christine does read this and know that every day she is making a positive impact in people's lives. Wonderful job Mayo! I have been telling people how amazing your staff are and they deserve a raise or a PTO day off to recognize these amazing nurses and assistants. The world would not function without you.
