**Nomination submitted by: Patient's family**

My uncle Rollie Marx was in the ICU for a little over a week, and Jason was our favorite nurse. I have a very large family and every single one of us agreed that Jason was the most amazing nurse. He was kind and compassionate with every single one of us and talked to Rollie when he was working with him even though he was unresponsive. Jason stayed for our first family meeting even though his shift was over because we were all so comfortable with him. I cannot express the amount of gratitude I have for Jason being a consistent wealth of knowledge and compassion for my Uncle. Jason was always able to explain what was going on medically in terms that we could all understand.

Thank you, Jason from all of Rollie Marx's family.

P.S. He is not anywhere near out of the woods, but he is improving slowly but surely.
