Molly was phenomenal at everything she did! She offered amazing advice on breastfeeding and so many knowledgeable things regarding our son. Even my mother in law (who used to be a nurse) and hard to please said that she was amazing and answered all the questions she had with such knowledge, not to mention was always so positive about everything! My mother even mentioned how great she was.

For me and my husband, she always made us feel so comfortable leaving our son in her hands. As for me, she gave me the reassurance that everything was going to be ok with him, which was huge! I want to recognize all the NICU staff and Dr. Costakos for all being phenomenal. All the family and friends that visited could not agree more about the entire NICU staff. We were so pleased and thankful for Molly and the entire staff, - thank you from the bottom of our hearts for the amazing care and work you do!
