

Could your dog offer love, support and comfort to patients?

Pet Therapy Program at Mayo Clinic Health System

Mayo Clinic Health System in Red Wing is recruiting volunteer dogs and handlers for our hospice pet therapy program. Dogs and handlers in the program will visit area hospice patients.

Requirements:

- Dogs must be at least one year old, calm, gentle and comfortable interacting with unfamiliar people in unfamiliar settings
- Handlers should have excellent interpersonal skills and the ability to communicate with different populations
- Interested individuals and their pet must attend comprehensive therapy training and certification (provided at no cost)
