

SPORTS SCREENINGS

Mayo Clinic Health System is offering sports screenings for athletes entering grades 7–12 in the 2022–2023 school year to fulfill Minnesota State High School League sports requirements.

Student athletes are asked to:

- Wear gym shorts and a T-shirt to the screening.
- Bring a completed Minnesota State High School League physical form. The form is on the Minnesota State High School League website at mshsl.org.
- Have a parent or guardian accompany them to the screening, if under 18.

The sports screening costs \$20.

The sports screening is not intended to take the place of ongoing care with your primary care provider, and immunizations will not be offered. If your child has not had a well-child exam in the last two years or is unable to attend one of the sports screening dates, contact your local clinic to schedule a well-child exam.

If a health concern is detected during the screening, the provider will advise you to contact your primary care provider and will not sign the Minnesota State High School League physical form.

Sports screenings will be available at these Mayo Clinic Health System locations:

WASECA

Wednesday, June 29, 5–6 p.m.
501 North State St., Waseca, MN
